

Interactive Session: Ask the Expert

with Samuel Kieley, MD, Urologic Oncologist

GET ANSWERS TO YOUR QUESTIONS!

For Prostate Cancer Awareness Month, Mission Hope is hosting an interactive session with local urologic surgeon Samuel Kieley, MD. Held in conjunction with the Men with Cancer Support Group, the format will be a question and answer discussion to allow participants to get specific information about prostate, bladder, kidney, and/or testicular cancers from a specialist. Now is the time to get the facts about cancer risks, prevention and the latest treatment options.

Friday, September 22, 2017

8:00 to 9:00 a.m.

Mission Hope Cancer Center, Conference Room

1325 East Church Street, Santa Maria

Reservations required; please call Mission Hope Cancer Center to register: 805.219.HOPE (4673).

Program will be interpreted into Spanish.

Para más información, favor de llamar al: 805.346.3406.

Samuel B. Kieley, MD
Urologic Oncologist

■ Dr. Kieley is board-certified in urology and specializes in urologic oncology. He completed a Urologic Oncology Fellowship with Metro Urology in St. Paul, Minnesota, and has a wealth of experience performing minimally-invasive urologic procedures utilizing the da Vinci® Si Robotic Surgical System.

Did you know?

- After skin cancer, prostate cancer is the most common cancer in American men, affecting one in seven men.
- Instead of immediate treatment for early stage or slow growing prostate cancer, doctors may recommend active surveillance. Your doctor will check you regularly and perform tests to monitor your prostate cancer.
