5:00 p.m.

Mission Hope Cancer Center

1325 East Church Street, Santa Maria

Seating is limited for this special event; please call Mission Hope now to register at 805.219.HOPE (4673). This popular event fills up quickly.

This year's Girls Night Out event continues the tradition of celebrating the women in our community with a fun event focusing on wellness and education from our team of physicians and produce grower Babé Farms.

Women have particular health concerns and this format provides a relaxed environment where questions are embraced, encouraged and celebrated.

All participants will receive a vegetable box from Babé Farms!

Wei Bai, MD

Colleen O'Kelly Priddy, MD

Jonathan Tammela, MD

Ben Wilkinson, MD

MEET THE MEDICAL PANEL:

Dr. Bai has participated in research and development of several cancer drugs including herceptin, avastin and tarceva and brings bench research expertise to caring for each patient.

Dr. O'Kelly Priddy has specialized training in oncoplastic surgery, which is a surgical approach to treat breast cancer effectively while leaving the breast appearing as normal as possible afterward.

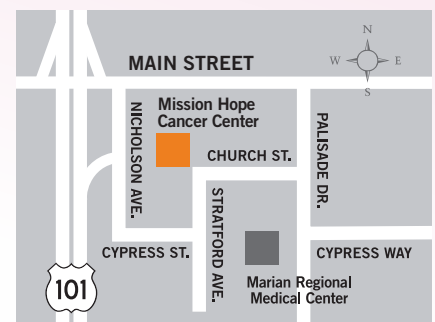

Dr. Tammela treats all types of gynecologic cancers and is triple board certified in Gynecologic Oncology, Palliative and Hospice Care, and Obstetrics and Gynecology.

Dr. Wilkinson has authored or co-authored over 30 peer-reviewed publications and has presented his research at multiple national meetings.
