New support group for the metastatic patient

Metastatic Breast Cancer Support Group

Metastatic breast cancer support groups help the patient stay connected during an experience that can feel isolating. Bearing in mind the metastatic patient is having to deal with a “no cure” label, there is still treatment available that can help extend the life span, and strategies to employ to maintain quality of life.

Wednesdays, January 19 and February 16 • 1:00 p.m.

Mission Hope Cancer Center, Conference Room

1325 East Church Street, Santa Maria

Held onsite, class seating is limited.

Please call Mission Hope at 805.346.3402 to register and reserve your spot

Zoom option available; please call 805.346.3402 for details

■ Research has shown that actively engaging in a support group helps to manage the physical, emotional and practical challenges a breast cancer diagnosis can bring. Our support groups offer a safe and empowering setting where women can implement important life changes, develop new attitudes and forge meaningful personal connections.
